The Draft Basin Plan: Three Key Points

Paper presented at Murray Darling Basin Plan Workshop, Canberra 14 October 2010

John Quiggin

- Federation Fellow
- Risk and Sustainable Management Group, Schools of Economics and Political Science, University of Queensland

Three points

- Willing sellers = No cuts in allocations
- Need to divert some money from infrastructure works to buyback
- Social infrastructure a better investment than irrigation infrastructure

The Draft Basin Plan: Three Key Points

Paper presented at Murray Darling Basin Plan Workshop, Canberra 14 October 2010
